Re: Docket 05-00252: Application of Mobilepro Corp. and American Fiber Network, Inc. to Complete a Transfer of Control of American Fiber Network, Inc.- Data Request No. 1

Dear Ms. Dillon:

On behalf of our client, Mobilepro Corp. ("Mobilepro"), we hereby submit an original and thirteen (13) copies of the enclosed supplemental filing in the above-captioned proceeding, in which Mobilepro and American Fiber Network, Inc. ("AFN") seek permission to transfer control of AFN to Mobilepro ("Application"). On September 19, 2005, you requested additional information in connection with your review of the Application. Mobilepro and AFN hereby respond as follows:

1. Mobilepro and AFN have filed similar petitions and notices in each of the states in which AFN currently operates. A list of these states, along with an indication of which applications have been granted to date, is attached as Exhibit 1.
2. Mobilepro and AFN previously applied for FCC approval to transfer control of AFN's domestic and international telecommunications operations to Mobilepro. These applications have been granted. *See Notice of Streamlined Domestic 214 Application Granted*, DA 05-2456 (Sep. 16, 2005); *International Authorizations Granted*, DA 05-2416 (Sep. 8, 2005).
3. AFN was only recently granted authority to provide telecommunications services in Tennessee, and as such does not currently have any customers.
4. Although AFN does not currently have any customers in Tennessee, AFN will serve the customers it attracts over time directly. Mobilepro does not, and will not, itself provide telecommunications services in Tennessee.

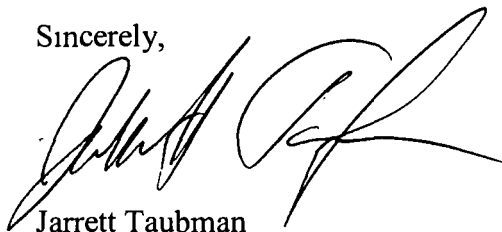

September 26, 2005

Page 2

5. The proposed transfer will not affect the services provided by AFN in Tennessee. Accordingly, AFN will continue to provide a full suite of local and long-distance services to Tennessee customers
6. As AFN does not currently serve any Tennessee customers, and those customers would continue to be served directly by AFN in any event, no customer notice letter has been sent.
7. Mobilepro Corp. does not and will not itself operate in Tennessee. Accordingly, Mobilepro has not obtained any licenses to do business in Tennessee. AFN's authority to operate in Tennessee is a matter of public record, and proof of such authority is already on file with the Commission.
8. Following the proposed transfer, AFN will continue to operate in Tennessee under existing CCNs and business licenses.

Please date-stamp the "Receipt" copy of this filing and return it in the enclosed self-addressed, stamped envelope. Please contact the undersigned if you have any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jarrett Taubman', written over a horizontal line.
